

Emergency Alarm

Remote Stun/Kill

Battery Save

IP66

Waterproof & Dust Protection

Remote Stun, Kill Monitor, Inspection

Emergency Alarm / PTT-ID / Transmit Overtime Timer
Busy Channel Lockout / Battery Save

KG-959

Professional Two-Way Radio

Non-Standard CTCSS&DCS

3200mAh Battery Packed / DTMF Side-Tone
Radio Direct Charging / DIY Extended Interface
256 Memory Channels / 16 Banking Groups
Scan Group / Work Group

ISO9001:2008
ISO14001:2004

Wouxun
Professional Two-way Radio Manufacturer

Wouxun
Professional Two-way Radio Manufacturer

KG-959
Professional Two-Way Radio

Features

- Frequency range is selectable
PMR446MHz
- Output power: 0.5Watt
- DTMF Side-Tone
- Radio Direct Charging
- DIY Extended Interface
- 256 Memory Channels
- 16 Banking Groups
- Scan Group
- Work Group
- Non-Standard CTCSS&DCS
- Remote Stun, Kill Monitor, Inspection
- Emergency Alarm
- PTT-ID
- Transmit Overtime Timer
- Busy Channel Lockout
- Battery Save

Technical Specification

Frequency Range	PMR446MHz		Work Temperature	-20°C ~ 40°C	
Step	5KHz/6.25KHz/10KHz/12.5KHz/25KHz		Antenna Impedance	50Ω	
	50KHz/100KHz		Power Supply	7.4VDC	
Memory Channels	256		Weight	340g	
Work Mode	F2D/F3E		Size	132×62×37(mm)	
Transmitter	Wide Band	Narrow Band	Receiver	Wide Band	Narrow
Modulation	16K F3E	11K F3E	Adjacent Channel Selection	≤70dB	≤60dB
Adjacent Channel Power	≥70dB	≥60dB	Inter-Modulation	≤65dB	≤60dB
Spurious	≥60dB	≥60dB	Spurious Radiation	≤70dB	≤70dB
Audio Response	+1~3dB(0.3-3KHZ)	+1~3dB(0.3-2.55KHZ)	Audio Response	+1~3dB(0.3-3KHZ)	+1~3dB(0.3-3KHZ)
Max Frequency Offset	±5KHZ	±2.5KHZ	Squelch Rate	≥45dB	≥40dB
Frequency Stability	±2.5ppm		Audio Distortion	≤5%	
Audio Distortion	≤5%		Output Power	≤500mW	
Output Power	0.5W		Sensitivity	UHF / VHF : 0.25μV(12dB SINAD)	

Specifications are subject to change without notice.

Standard Accessories

2800mAh Li-ion Battery pack

Intelligent Charger

Power Supply Adaptor

Beltclip

Antenna

Handstrap
